## Endmills - Tech info

## 3-Flute Standard, Neck Relief and Ball End, 37 Degree Helix, Extra High Performance Endmills for Milling Aluminum and Non-Ferrous Materials.

- RedLine 3 Flute, Standard and Neck Relief Extra High Performance End Mills are designed for Roughing, Finishing or Slotting in Aluminum and Non-Ferrous materials.
- The ZrN coated tools allow for higher speeds, better tool life with a low affinity for Aluminum.
- Use for straight line and helical ramping.
- These Extra High Performance tools can be found on pages 18-22, 24-25.

| Aluninum $\because$ Mon- Ferrous speeds $\because$ Feeds |  |  |  |  |  |  |  |  |  |  |  |  |  |  |
